*\*\* Please completed DocuSign form at the conclusion of the seminar. Receipt of this completed form is required for successful credit upload to participant NABP accounts. Participants should check their e-Profile account within 14 days to verify appropriate CPE credit award. \*\**

### **ONLINE ACCESS FOR SUBMISSION OF COURSE EVALUATIONS AND LEARNING ASSESSMENT**

**[CLICK HERE FOR: 2023 SDPHA Conference ACPE CE Presentation Required Evaluations](#)**

***\*\*THE EVALUATIONS AND NEEDS ASSESMENT FOR EACH PRESENTATION ATTENDED IS NECESSARY, ESPECIALLY FOR THOSE CLAIMING CE CREDIT\*\****

**If Any Questions Or To Request Non-DocuSign Document Contact:**

*Scout Forbes-Hurd, PharmD. SDSU CE PROGRAM COORDINATOR*

*Email: [Scout.ForbesHurd@sdstate.edu](mailto:Scout.ForbesHurd@sdstate.edu) Phone: 605-688-66*

**2023 SDPHA Conference Program Fees:**

\$249.00 Pharmacist - Full  
\$200.00 Pharmacist - Friday Only  
\$100.00 Pharmacist - Saturday Only  
\$199.00 Technician - Full  
\$179.00 Technician - Friday Only  
\$130.00 Technician - Saturday Only  
Free - Student  
Free - Student - Friday only  
Free - Student - Saturday Only

**Target Audience:** This program is suitable for all pharmacists and pharmacy technicians – hospital, community pharmacy, specialty, consulting and clinical.

**C.E. Registration:** Please register by clicking the link provided within the e-mail or posted on <https://sdpha.org>. Preregistration is important, since this will allow for handouts to be emailed out in advance of the meeting. If prospective attendees have any problem accessing the registration site from work, they should be able to gain access from their home computer.

**C.E. Handouts:** Power Point Handouts / Learning Assessment will be available electronically for participants.

**C.E. Credit:** Successful completion of each CE session requires continuous attendance, signing and dating the roster, completion of the *CPE Verification Form*, and completion of the *Evaluation/Learning Assessment* form. Credit may be earned for individual sessions. A total of 10 ACPE Credit Hours (1.0 CEUs) for pharmacists & pharmacy technicians can be achieved with the CE Programming Provided for learners to attend through the two-day annual conference.

**OF NOTE:** Pharmacists & Technicians may receive 2 NON-ACPE credit hours of SD Board of Pharmacy CE Credit for SDPHA Business Meetings. **This is to be reported to SDPHA.**

**Pharmacists and Technicians:** Must enter their **CPE ID number** and their personal **MM/DD** – on their *Verification Forms* to facilitate the credit award process. Significant delays in providing this information may jeopardize credit award. *Credit upload to participant eProfile accounts will occur within 14 business days.*

**\*\*All participants should subsequently check their NABP accounts to verify appropriate credit award\*\***

## **LEARNING OBJECTIVES**

### **Friday, September 15, 2023:**

#### **“The Controlled Substances Act and Pharmacy Compliance – What to Expect at a DEA Inspection”: Daniel J McCormick, Diversion Program Manager, Omaha Field Division, Drug Enforcement Agency**

**Pharmacist Learning Objective:** 1. Outline common components of a DEA Inspection at a pharmacy. 2. Summarize a pharmacist’s corresponding responsibility when dispensing controlled substances. 3. Discuss the documentation requirements for controlled substance transactions at a pharmacy. 4. Recite the provisions of the Controlled Substance act and mandated regulations for pharmacies. 5. Describe examples of the legal actions the DEA may take if a pharmacy is found noncompliant.

**Pharmacy Technician Learning Objectives:** 1. Summarize the basic provisions of the Controlled Substances Act. 2. Explain the “Closed System of Distribution” under the framework of the Controlled Substance Act and who must register with the DEA. 3. Give examples of behaviors which may indicate a prescription is fraudulent or was not issued for a legitimate medical purpose.

#### **“Board of Pharmacy Update 2023”: Kari Shanard-Koenders, RPH, Tyler Laetsch, PharmD; Melissa DeNoon, RPH**

**Pharmacist Learning Objective:** 1. Describe the DSCSA changes that will go into effect on November 27, 2023. 2. Differentiate between the latest DEA guidance and regulations that impact pharmacy. 3. Describe PDMP Data Integrity and what pharmacies can do to streamline the process.

**Pharmacy Technician Learning Objectives:** 1. Define steps in the Donated Drug Redispensing Program in South Dakota. 2. Describe how pharmaceutical product ordering, receiving, and availability of transaction information will change after November 2023. 3. List the licensing and registration requirements that are provided by the board office.

**“New Drug Update 2023”: Joe Strain, PharmD.**

Pharmacist Learning Objectives: 1. Summarize therapeutic indications of medications recently approved by the FDA. 2. Discuss pharmacological properties of the new medications. 3. List side effects, warnings, precautions and significant drug interactions associated with each medication. 4. Identify the normal dose and dosage forms of the drugs presented. 5. Describe limitations to implementing the new medications into clinical practice.

Pharmacy Technician Learning Objectives: 1. Identify new medications recently approved by the FDA. 2. List the classification for the new medications. 3. Recall major indications for the new medications. 4. Identify the usual dose and route of administration for each medication. 5. Discuss the cost associated with each of the new medications.

**“Resilience and Wellness for Preceptors and Students”: Jesscia Strobl, PharmD.**

Pharmacist Learning Objectives: 1. Understand the risks to pharmacy workforce well-being and resilience. 2. Learn strategies for promoting individual well-being and resilience. 3. List some examples of well-being and resilience resources for individuals and organizations.

Pharmacy Technician Learning Objectives: 1. Understand the risks to pharmacy workforce well-being and resilience. 2. Learn strategies for promoting individual well-being and resilience. 3. List some examples of well-being and resilience resources for individuals and organizations.

**“Detecting Depression and Anxiety”: Jeremy Daniel, PharmD, BCPS, BCCP**

Pharmacist Learning Objectives: 1. Identify screening tools to identify depression and anxiety and situations for referral. 2. Compare and contrast antidepressants and anxiolytics to individualize patient care and counseling. 3. Describe your personal self-stigma towards the mental health population.

Pharmacy Technician Learning Objectives: 1. Identify screening tools to identify depression and anxiety and situations for referral. 2. Compare and contrast antidepressants and anxiolytics. 3. Describe your personal self-stigma towards the mental health population.

**Saturday, September 16, 2023:**

**“Testosterone, Estrogen and Progestogen, Oh My!”: Emily Von Klompenburg, PharmD, BCGP**

Pharmacist Learning Objectives: 1. List the diagnostic criteria for testosterone therapy. 2. Determine appropriate monitoring parameters for testosterone therapy. 3. Identify the effects of estrogen deficiency as related to menopause. 4. Discuss the treatment strategies for vasomotor and genitourinary symptoms of menopause.

Pharmacy Technician Learning Objectives: 1. List the available testosterone therapy formulations. 2. Recognize the hormones that are related to menopause. 3. Discuss the difference between topical vaginal and systemic estrogens for treatment of menopause symptoms.

**“Impact of Aging on Medications and Deprescribing”: Kristen Carter, PharmD, BCGP**

Pharmacy Learning Objectives: 1. Describe normal physiologic changes that occur in the aging body. 2. Identify common medications that are inappropriate in the elderly. 3. Understand the importance of deprescribing and ways to implement it.

Pharmacy Technician Learning Objectives: 1. Describe normal physiologic changes that occur in the aging body. 2. Identify common medications that are inappropriate in the elderly. 3. Understand the importance of deprescribing and ways to implement it.

**“Immunization Update 2023”: Abbie Erickson, PharmD; and Margaret Anderson, PharmD**

Pharmacist Learning Objectives: 1. Compare previous guideline standards with the current recommendations for administration. 2. Identify patients who are eligible for vaccination under most updated practice guidelines. 3. Apply effective patient counseling to overcome vaccine hesitancy.

Pharmacy Technician Learning Objectives: 1. Identify vaccines approved for administration under the current guidelines. 2. Demonstrate methods for proper vaccine handling and storage. 3. Apply vaccine advocacy techniques to overcome vaccine hesitancy.

## **2023 SDPHA Presenters and Conference Planning Committee Members Credentials & Financial Disclosures**

### **Policy On Financial Disclosures:**

It is the policy of the South Dakota State University College of Pharmacy and Allied Health Professions Continuing Education Program to identify, mitigate, and disclose all relevant financial relationships with ineligible companies held by the speakers/presenters, authors, planners, and other persons who may influence content of this accredited continuing education (CE). In addition, speakers, presenters and authors must disclose any planned discussion of unlabeled/unapproved uses of drugs or devices during their presentation.

***\*For this accredited continuing education activity, all relevant financial relationships have been mitigated and detailed disclosures are listed below\****

Of Note: Ineligible companies are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on, patients.

## **2023 SDPHA Annual Conference ACPE Continuing Education Presenters:**
